

SUNSHINE ACRES

Produces a wide range of shell eggs

OUR CUSTOMER

Sunshine Acres is an innovative company dedicated to producing dairy products and egg products of exceptional quality while protecting animal health and welfare. It has a total of 2000 employees.

Our streamlined milk and egg production allows us to ensure that the cows and chickens are well cared for throughout their life cycles. Our in-house veterinarian and nutritionists follow our flocks at each stage, always looking for ways to enhance the health and well-being of the birds. Streamlined production also creates efficiencies that provide value to our customers and helps us provide a consistent supply of eggs, making us a trusted egg vendor.

Keeping in consideration that across the world the benefits of consumer based products and the benefits of the high quality daily proteins, carbohydrates is being recognized; the core focus of Sunshine Acres is to increase the use of dairy based ingredients.

We are known as the best egg producers thereby maintaining high quality standards, safety and availability mark. Our values of integrity and the efficacy in our services make us stand out.
